General Skills:

- | | |
|------------------------------|----------------------------------|
| ● Version Control /Git | ● Team Player |
| ● Problem Solver | ● Dedication to knowledge |
| ● Self-Motivated/Self Driven | ● Excellent communication skills |

Career Summary

2010-2019 A Gilligan Builders, Ballymount Drive, Ballymount, Dublin 12

Role Construction Operative/Installer

This was a full time and part-time role since 2010. I had a wide range of duties and responsibilities which made me a really fast learner and improved my communication skills. One key duty for me was to reassure the customers about the work that was being performed and explaining the next steps we will be undertaking.

2017-2018 Brendan McGee Construction, Monasterevin, Co Kildare

Role Construction Operative

This was a short-term role in a very fast pace building site environment. My roles involved making sure we prioritized the correct work and that every-one was clear on the projects that needed to be done.

2015-2017 Junction 14 Service Station, Monasterevin, Co Kildare

Role Delicatessen Assistant

My key role was working in the front of the house of the deli section and to serve customers. It was a very busy environment, so efficiency was key. When we did not have a lot of customers I would go into the back and help out in the kitchen and preparation stations. It was a very team oriented work experience for me and it taught me a lot about respecting other people's work and if possible helping them out when they are struggling.

2014-2015 Oxigen Environmental, Naas, Co Kildare

Role Environmental Refuse Collector

I worked as part of a team of environmental refuse collectors providing a refuse collection service to customers throughout county Kildare.
